About me. Highly motivated and technically skilled student seeking an opportunity to apply and expand knowledge in software development and data analysis. A quick learner and a team worker that gets the job done.

SKILLS

- Java
- Python
- Javascript
- Machine Learning
- MySQL
- Deep Learning

EDUCATION

2020 - 2024
Amaravathi, India

B.Tech, Computer Science
VIT University **CGPA: 9.2**

2020
Vijayawada, India

Senior Secondary (XII), MPC
Rajadhani **GPA: 9.7**

2018
Gudavalli, India

Secondary (X)
Kkr Gowtham **GPA: 9.8**

PERSONAL PROJECTS

Nov. 2022 – Jan. 2023

Third eye for Blind (YOLO Deep Learning)
Python, open cv, ESP 32 cam

- *A functional prototype of voice-activated eyewear has been created.*
- *It can recognise names of people as well as things like books, tables, and beds etc.*
- *Text can be read aloud to blind people. For instance, it may read text from a book or from a laptop.*

Jan 2022 – Mar. 2022

Chatting App (Web App)
Mysql, Nodejs, Bootstrap, Javascript

- *The goal of this project is to create a full-stack chat web application.*
- *This programme uses MySQL for the database, bootstrap for the front end, and node.js as the backend.*
- *For real-time conversation experiences, this application uses WebSockets (Socket.io).*

ACHIEVEMENTS

- ✓ Certificate for second in the engineering clinics Project out of 500 projects.
- ✓ Certificate for presenting face expression classification at the NCRTIT conference.
- ✓ Certificate for qualifying to the third round of the hackathon.
